PARADIGM AWARD HONOREE

• MATINA KOLOKOTRONIS •

The PanHellenic Scholarship Foundation is proud to announce Matina Kolokotronis as the 2019 Paradigm Award Honoree. The Paradigm Award annually honors a distinguished Greek American whose career achievements and personal accomplishments reflect the Foundation's mission and vision of building a better America through education and Hellenism. Honored not only for the professional success they have achieved; Paradigm award honorees are recognized for upholding the values and ideals of their Hellenic heritage—serving as inspirational figures for our scholarship recipients.

Entering her 22nd season with the NBA, Matina Kolokotronis is a trailblazer who serves as Chief Operating Officer of the Sacramento Kings. Bringing decades of experience in sports and government law, community affairs and contract negotiations, Kolokotronis' leadership has been integral to the development of the award winning Golden 1 Center. Recognized as the greenest and most technologically-advanced arena in the world, it is the first professional sports venue to achieve LEED Platinum certification.

Ms. Kolokotronis is the only female in the NBA to hold the titles of both COO and President of Business Operations. Before being named President of Business Operations, she was an Adjunct Professor of Law at McGeorge Law School, University of the Pacific where she taught Sports Law. Prior to that she served for six years as director of the Sacramento Kings Foundation, overseeing strategic development and fundraising activities.

Her leadership extends beyond the Kings organization and into the community where she is a dedicated mentor and advocate for numerous women's advancement groups and non-profits. She is very active in the Greek Orthodox church, and in 2015, Governor Brown appointed Kolokotronis to the California Citizens Compensation Commission. Ms. Kolokotronis is an accomplished executive, mother, wife, and Greek American.

Join us as we proudly welcome 2019 Paradigm Award honoree Matina Kolokotronis.
